"The ABC's of Response to Intervention & Behavior: Next Steps A Practitioner's Guide to Implementation"

Author: Cassandra Allen Holifield, PhD.

The "ABC's of Response to Intervention (RTI) and Behavior..." is a practitioner's guide to implementing RTI and behavior based on research findings of "other" great researchers. This guide is user friendly and practical for "real" educators, those still in the trenches to use as a practical, easy to follow, step-by-step guide to RTI implementation for students who exhibit challenging behaviors. The "ABC's of RTI and Behavior" is not intended to be a text book filled with excessive amounts of useless, meaningless research. This book was written by a teacher for teachers with the explicit intent to provide educators with a true resource for RTI and behavior implementation that makes sense, is based on research-findings, and is effective for both teacher and student success. In order for No Child To Be Left Behind, we must Leave No Teacher Behind.
